- Item 4 Redraft of DCID on Uniform Personnel Security Standards and Practices Governing Access to Sensitive Compartmented Information
Security Committee draft for USIB approval, and DIA and NSA changes; Sponsors - Mr. Osborn, Admiral Lowrance, and

At your request the Security Committee drafted changes to the USIB-approved DCID No. 1/14 of 23 June 1967 which is scheduled to become effective not later than 1 July 1968. The principal modifications responding to your request are in paragraphs 3.b. and 5 pertaining to security criteria for relatives and close associates as well as clarifying the waiver authority. In addition, the requirement that U.S. Government personnel, consultants and employees of Government contractors be U.S. citizens has been placed in paragraph 3.a., making citizenship non-waiverable.

In response to a request for telephonic concurrence by Board Members the DIA and Acting NSA members proposed changes in paragraphs 5 and 3.a. respectively (see Tabs). Mr. Osborn in his briefing memorandum suggests that the simplest solution to the NSA objection would be to make U.S. citizenship waiverable by moving that requirement from paragraph 3.a. to 3.b.(1). Mr. Osborn also explains that the portion of paragraph 5 which DIA wants to delete - noting that foreign birth does not of itself preclude security approval - was inserted as non-inflammatory, perhaps conciliatory language of the type you requested be incorporated in the DCID.

Executive Secretary, USIB
